On October 20th from 9:00 to Noon the Arizona Community Foundation will host a Workshop for Nonprofit Organizations at the City of Safford Annex Building. The topic of this workshop is Board Governance and Development.

The board is a nonprofit's primary asset. And yet many nonprofits add

members to the board because they are friends or keep the same people on the board forever. Good governance comes from a strong, diverse board of directors. This seminar will cover some best practices for board governance and address recruiting board members from different age groups.
